**The Nation, the State, and the Global Redefinition of Self-Determination**

**April 7th-9th**

The Provost's Global Forum is the premier annual event on campus focused on international and global issues. In addition to serving the University of Iowa community broadly, the forum endeavors to build connections between the university and the state of Iowa, and positions the UI as a national node in discussions of global affairs.

The forum is made possible by the UI Office of the Provost, International Programs, UI Center for Human Rights, College of Law, and the Stanley UI-Foundation Support Organization. All events are free and open to the public.
