DOING GLOBAL HISTORY LOCALLY

THURSDAY, OCT. 27 - SUNDAY, OCT. 30, 2016
1117 UNIVERSITY CAPITOL CENTRE

This conference brings together authorities in German history from colleges and universities across the Midwest to engage the question of how to do global history locally.

As part of the broader project devoted to German Iowa and the Global Midwest, this meeting challenges participants to engage three central questions:

*Where and when was German history?
Who is part of German history?
How do we do German history?*
