Notes Towards an Anthropology of Nothing: Humanitarianism and the Void

Elizabeth Cullen Dunn is Associate Professor of Geography and International Affairs at the University of Colorado at Boulder. In 2009-2010, she spent 16 months in camps for displaced people in the Republic of Georgia, a few miles from Russian-occupied South Ossetia. With anthropologist Erin Koch, she is working on a project that investigates the linkages between global humanitarianism, state formation, and illness among displaced people.
