***WRITING WRONGS:
LITERATURE, TRAUMA,
& THE AFRICAN MORAL
IMAGINATION***

*Sponsored by the
African Studies Program*

ROGER KURTZ

Dr. J. Roger Kurtz, professor of African literatures at The College at Brockport, will present on engaging trauma theory through African literature. He will both examine the conceptual problems of the Eurocentric origins of the theory, and make suggestions on how “re-memorizing practices” of African literatures may offer ways to reframe trauma studies from an African perspective. We will be serving light refreshments.
