

FULBRIGHT

LUNCH & LEARN SEMINAR SERIES - FALL 2016

PRESENTATION BY

RESMIYE ORAL, M.D.

Clinical Professor of Pediatrics
Director, UIHC Child Protection Program

CHILDHOOD TRAUMA PREVENTION WITH GLOBAL OUTREACH FROM UI TO GREECE

FRIDAY, NOV. 4TH  12:30-1:20 P.M.
1117 UNIVERSITY CAPITOL CENTRE

BRING YOUR LUNCH AND JOIN US!

Dr. Oral will discuss her current involvement in childhood trauma prevention on the UI campus, UIHC hospital, and in Iowa overall, combined with her efforts to help her Greek colleagues establish a national child protection system via hospital-based multidisciplinary teams.

During her June 2016 Fulbright Scholar Specialist program, Dr. Oral collaborated with the Yale University Child Protection Program to coach almost 100 trainers from seven university hospitals in Greece. These trainers will establish teams which will create the knowledge base and people power to recognize, manage, and prevent child abuse and neglect for the next generation, connecting her efforts in Iowa to the global community.

Dr. Oral has devoted her life to preventing childhood trauma, both directly in her practice and through international training programs to bring an essential knowledge base and skill set to resource-poor nations. To date, she has collaborated with treatment facilities in Turkey, Portugal, Oman, Pakistan, Guatemala, Colombia, and Greece.

Series co-sponsors: Iowa Chapter of the Fulbright Association & UI International Programs

Series coordinator: Sonia Gunderson, sonia-gunderson@uiowa.edu
